Is the exam administered by SAS?	Y			
Is this Course available as a University Wide Elective?	N			
Grading Basis:	Graded			
Course Field of Education:	General Nursing			
Work Experience / Placement Type:	Does not involve clinical/work experience placement			
General Comments				
2. Course Prerequisite(s)				
Comment only				
3. Course Co-requisite(s)				
Comment only				
4. Syllabus statement				
Course Aim				
The aim of this course is to develop the knowledge and professional frameworks to understand Nursing practice in a global context.				
Course Content				
Information, digital and mathematical literacy: introduction to e-portfolio, academic writing, numeracy, regulation, legislation, accountability, professional standards and codes of practice, communication and teamwork skills, inter-professional learning, cultural competency, introduction to concepts of research, critical thinking, reflection, quality and safety, review of fundamental nursing skills.				
Course Objectives				
No	Objective			
1	Demonstrate the principles that support the fundamental activities comprising nursing practice.			
2	Demonstrate the range of literacies that inform nursing practice.			
3	Explain the relationship between knowledge, professional practice, research and quality improvement.			
4	Describe the basic communication frameworks and team skills required for inter-professional practice in a multicultural environment.			
5	Identify the professional, regulatory, legal and ethical requirements which underpin nursing practice and the protection of individuals and groups.			
6	Explore how cultural identity may shape understanding of health and health care delivery.			
7	Examine the history, demographics, cultural and socio-economic factors of Aboriginal and Torres Strait Islanders and how these impact on health and access to health care.
