### PROFESSIONAL PRACTICE PROGRAM

#### **ENGINEERING**

# **WORKPLACE INTERACTION**

## PROFESSIONAL & PERSONAL COMPETENCY DEVELOPMENT

Students who have gained experience in the workforce and can demonstrate how this experience has contributed to the development of Engineers Australia Stage 1 Competencies and Elements of Competency – specifically Section 3: PROFESSIONAL AND PERSONAL ATTRIBUTES – may submit a

request for hours towards Band 2 (Extra-Curricular Activities) in the UniSA STEM Professional Practice Program (maximum of 80 hours).

This experience may be undertaken in a place of employment that is not related to the student's area of study.

Complete the form below, submit it via email to <a href="mailtos:STEM.Placements@unisa.edu.au">STEM.Placements@unisa.edu.au</a> for assessment by the Course Coordinator. You will be notified of the outcome of this assessment.

Prease direct any questions to the OffisA	STEM Industry Experience team on +61 (08) 8302 5900 or via e	mait <u>3 i EM.PtacementS@unisa.euu.du</u>

### COMPETENCY DEVELOPMENT REFLECTION

Refer to: Engineers Australia Stage 1 Competencies, Section 3: PROFESSIONAL AND PERSONAL ATTRIBUTES table on page 3. (Competency 3.3. Creative, innovative and pro-active demeanour has been removed from the reflection as the competency requires interactions within an engineering environment).

Please complete a reflection (approx. 100-150 words for each competency) using an example from your work experience to demonstrate how that competency has been attained.

Please respond to each section by addressing the points below:

- Describe an experience that allowed you to develop this competency

<ul> <li>What were the tasks that you performed?</li> <li>What did you learn that was most valuable from this experience?</li> <li>How will you apply the skills you have developed for this competency in the future?</li> </ul>	
3.1. Ethical conduct and professional accountability.	
3.2. Effective oral and written communication in professional and lay domains.	
3.4. Professional use and management of information.	

7 E Orderly management of self and needed	ional conduct	
3.5. Orderly management of self, and profess	SIONAL CONQUEL.	
3.6. Effective team membership and team lea	adership.
