

2025 Enrolment Advice

Program Enrolment Advice session to be advised

PROGRAM CODE	DBPR	YEAR LEVEL	1	
PROGRAM NAME	Bachelor of Design (Product Design)		L L	
ACADEMIC PLAN	Undergraduate	CAMPUS	City West	
CAMPUS CENTRAL (Please contact Campus Central if you need help with enrolling or have any queries about the information on this form)	Campus Central City West Level 2, Jeffrey Smart Building <u>ask@campuscentral.unisa.edu.au</u> 1300 301 703	ACADEMIC UNIT (Please contact the Academic Unit if you have any other queries)	UniSA Creative <u>CTV-TeachingLearning@unisa.edu.au</u> 8302 0366	

DEFINITIONS:

Subject Area and Catalogue Number	A 4-letter subject area code plus a 4-digit catalogue number make up the course code, e.g. BIOL 1033 . You can search for courses by using this code.
Class Number	A class number is a unique number used to identify individual classes held during a specified study period. You can use class numbers to enrol, starting with the class number of the enrolment class.
Enrolment Class	An Enrolment Class is the first class you enrol in for a particular course. This can be a lecture (LEC), tutorial (TUT), workshop (WSH), practical (PRA) or external (EXT). There may be multiple enrolment classes to choose between. All other classes will be related to the enrolment class and will display once you select your enrolment class.
Related Classes	Related classes are other components (i.e. a tutorial or practical) that make up the course. In some cases you may be automatically enrolled into a particular related class that is associated with the enrolment class you selected.
Auto Enrol Class	In some courses, once you select the Enrolment Class, you are automatically enrolled (Auto-Enrol) in a second (related) class (e.g. by choosing a tutorial you are automatically enrolled into the lecture). You may still be required to select another related class to complete your enrolment.
External Class	The external class number will be listed in the Classes column below. This number is the only enrolment class number you need to enter in 'Manage my Enrolment' when enrolling.

First Seme	First Semester (Study Period 2)						
Subject Area	Catalogue Number	Course Name	Classes	Notes			
GRAP	1031	Product Design Studio 1 (Foundation)	Enrol into the lecture (Class number 22204). Please refer to <u>class timetable</u> for further information.	You will be automatically enrolled into the associated Studio (Class 23279).			
GRAP	1021	Physical Prototyping Techniques for Product Design	Enrol into a Workshop Please refer to <u>class timetable</u> for further class information.	You will be automatically enrolled into the associated Lecture (Class 23280). The lectures will be conducted online, no attendance is required.			
GRAP	1022	Drawing for Product Design	Enrol in the lecture (class 20189). Please refer to <u>class timetable</u> for further class information.	You will be automatically enrolled into the associated Studio (Class 20190). The lectures will be conducted online, no attendance is required.			

Second Semester (Study Period 5)						
Subject Area	Catalogue Number	Course Name	Class numbers	Notes		
GRAP	1024	<u>Product Design Studio 2</u> (Principles)	Enrol into the lecture (class 50149). Please refer to <u>class timetable</u> for further class information.	You will be automatically enrolled into the associated Studio (Class 50150). The lectures will be conducted online, no attendance is required.		
GRAP	1018	<u>Computer Graphics and</u> Imaging for Design	Enrol into 1 Computer Practical. Please choose a class that doesn't clash with GRAP 1024 or GRAP 1026. Please refer to <u>class timetable</u> for further information.	You will be automatically enrolled into the associated Lecture (Class 52921). The lectures will be conducted online, no attendance is required.		
GRAP	1026	Introduction to Computer Modelling for Product Design	Enrol into the Lecture (class 50152). Please refer to <u>class timetable</u> for further class information.	You will be automatically enrolled into the associated Computer Practical (Class 50151). The lectures will be conducted online, no attendance is required.		

NOTES:

- 1. The table above shows the full list of courses to be taken by a student undertaking a full-time load solely in this year of the program.
- 2. Students enrol in all courses for both study periods (Study Periods 2 & 5) at the beginning of the year.
- 3. Please ensure you check the course timetable to confirm the location and possible external mode offering for each course.

EXTERNAL STUDENTS

Students studying off-campus. Administrative services for external students are located at Campus Central.

External mode includes online, distance education, industry placement or directed research. Virtual classrooms are deemed to be an external mode of delivery. External model does not normally include a face to face component, however some courses offered in external mode may require a small component of on-campus activity.

It is strongly recommended that you visit the Study Support webpage to gain valuable information regarding your studies. <u>https://i.unisa.edu.au/students/student-support-services/study-support/</u>

PART TIME STUDENTS

You can study part-time which means undertaking less than the load specified for full time status.

(Full-time load - The standard annual full-time load is 36 units or 1.0 EFTSL (Equivalent Full-Time Student Load). A student undertaking at least 75% of a full-time load for the academic year will be full-time for that year. A student who is undertaking at least 75% of a full-time load, for either the first half or second half of the year, will be full-time for that half year).

If you require further enrolment advice, please refer to the Academic Unit contact details listed on the first page or contact Campus Central.
