DEFINITIONS:

Subject Area and
Catalogue Number
Class Number

A 4-letter subject area code plus a 4-digit catalogue number make up the course code, e.g. **BIOL 1033**. You can search for courses by using this code.

Enrolment Class

A class number is a unique number used to identify individual classes held during a specified study period. You can use class numbers to enrol, starting with the class number of the enrolment class.

Related Classes

An Enrolment Class is the first class you enrol in for a particular course. This can be a lecture (LEC), tutorial (TUT), workshop (WSH), practical (PRA) or external (EXT). There may be multiple enrolment classes to choose between. All other classes will be related to the enrolment class and will display once you select your enrolment class.

Auto Enrol Class

Related classes are other components (i.e. a tutorial or practical) that make up the course. In some cases you may be automatically enrolled into a particular related class that is associated with the enrolment class you selected.

External Class

In some courses, once you select the Enrolment Class, you are automatically enrolled (Auto-Enrol) in a second (related) class (e.g. by choosing a tutorial you are automatically enrolled into the lecture). You may still be required to select another related class to complete your enrolment.

The external class number will be listed in the Classes column below. This number is the only enrolment class number you need to enter in 'Manage my Enrolment' when enrolling.

| Second Semester (Study Period 5) | | | | |
|----------------------------------|------------------|---|---|--|
| Subject Area | Catalogue Number | Course Name | Class numbers | Notes |
| GRAP | 1029 | Illustration Animation Studio 1 | Enrol into Studio. Please refer to class timetable for further information. | You will automatically be enrolled into the associated Seminar for this course. |
| GRAP | 2009 | Illustration Animation Studio 2 | Enrol into 1 Studio Please refer to class timetable for further information. | This course has a prerequisite that will be waived for mid-year entry students. To get past the error message on the myEnrolment system, complete the 'Credit Declaration' by ticking the boxes to confirm that you have been granted credit for the prerequisite. Please contact CTV-TeachingLearning@unisa.edu.au if you have any troubles. You will be automatically enrolled into the associated Seminar. |

Please refer to the [***DBIA Study Plan- mid-year intake***](#) document for future enrolment requirements.

NOTES:

1. The table above shows the full list of courses to be taken by a student undertaking a full-time load solely in this year of the program.
2. Students enrol in all courses for both study periods (Study Periods 2 & 5) at the beginning of the year.
3. Please ensure you check the course timetable to confirm the location and possible external mode offering for each course.

PROGRAM NOTES: See [program homepage](#).

PART TIME STUDENTS

You can study part-time which means undertaking less than the load specified for full time status.

(Full-time load - The standard annual full-time load is 36 units or 1.0 EFTSL (Equivalent Full-Time Student Load). A student undertaking at least 75% of a full-time load for the academic year will be full-time for that year. A student who is undertaking at least 75% of a full-time load, for either the first half or second half of the year, will be full-time for that half year).

If you require further enrolment advice, please refer to the **Academic Unit contact details** listed on the first page or contact [Campus Central](#).
