# Master of Teaching (Secondary)

**2024 No prior knowledge minor learning areas  
and electives**

## 2024 Major and Minor Learning Areas

Your Major Learning Area is determined by your application and would have been provided to you when you accepted your offer.

For domestic students, this would also be reflected in your plan code as below.

Program Plan Code	Major Learning Area
<b>ARTS-MMET</b>	Arts
<b>ENG-MMET</b>	English
<b>HPE-MMET</b>	Health and PE
<b>HUMS-MMET</b>	Humanities and Social Science (HaSS)
<b>LANG-MMET</b>	Languages
<b>MATH-MMET</b>	Mathematics
<b>SCI-MMET</b>	Science

**You are strongly advised to email [EDC-TeachingLearning@unisa.edu.au](mailto:EDC-TeachingLearning@unisa.edu.au) if you have any doubts about your Learning Areas.**

In the Master of Teaching (Secondary) there are five courses specific to your learning areas - you will complete **three** of these courses in your **Major** Learning Area and **two** in your **Minor** Learning Area. These Learning Area courses are the methodology courses related to your teaching subjects.

If you have not been assigned a Minor Learning Area, based on your undergraduate degree, there are options from which you can choose that do not require any prior knowledge. Details on these learning areas can be found on Page 3.

## Choosing your elective

The MMET Master of Teaching (Secondary) program requires the completion of one elective course (4.5 units) which enhances your professional expertise in an area.

The elective can be taken in any Study Period during the program, but it is important to keep in mind that in Study Period 4 of the first year there is a five-week practicum, and this can make it difficult to find an elective which does not clash with placement requirements. It is our recommendation that you take your elective in SP2 of either your first or second year. Please note that if you choose to take your elective in your second year, you will need to take RP2 in SP4.
