Date of experience
Example: xx/xx/xx

10/02/2025

Need to fill out the date of experience and then hand over your device to the supervising clinician for them to sign.

Please ensure the date of the experience written matches the date the experience is signed.

Supervising clinician's signature

Please ensure that the date of the experience as recorded above, matches the date that the record is signed. Retrospectively signed records will not be approved. Students may refer to UniSA processes to gain approval for retrospective signatures in extenuating circumstances.

Rotating your device during signing may result in signature disappearing. Please make sure signature is displayed before confirming and locking page.

> If you press save to device, the asset you have created is sitting in my assets ready for you to send to your PebblePad account

| ⚙ Settings | ❖ PebblePad | ▦ My assets ②|

Assets stored on this device

| Ws | **VB2**
Created: Today at 10:18 AM
Asset is locked by digital signature | > |

| Ws | **AC1**
Created: Today at 10:17 AM
Asset is locked by digital signature | > |

If you pressed saved to device and click my assets the assets you have saved will appear that are ready to send.

You can either press send all which will send the two assets stored to your PebblePad or just select the asset you want to send it to your PebblePad account eg: AC1 and the other asset will stay in my assets until you are ready to send it to your PebblePad.

Success! All assets have now been sent. Large assets may still take time to appear in your Pebble+ asset store.

When you have selected the asset you want to send to your PebblePad you will receive a message saying it has been sent.

Your asset(s) have been sent

Hello Emma,

An email will also be sent to your student email address confirming the asset that has been sent to your PebblePad.

The Asset "AC1" has been sent to your PebblePad account on University of South Australia.
It is available in your store.

You can log into your account here

This em   **Log into your PebblePad account and look in your Midwifery Portfolio collection workbook and you should see the template under the page you have completed the template for.**
