Important Information
Your Program is listed within the UniSA STEM Academic Unit.
You have completed / been granted credit of 0 units. Your remaining studies will take a further 2 years to complete at a full time load of 18 units per half year. This means you should complete your study in approximately
Should you have less than 13.5 units to complete in any half year your enrolment will be considered to be part time for that half year and this will be noted on your official Academic Record.
Please ensure you check the course timetable to confirm the location and possible external mode offering for each course.
For further details on the courses that you will study in future study periods please refer to the program information page.
If you require further enrolment advice, please refer to the Academic Unit contact details listed on the first page or contact Campus Central
Please note:
1. This Study Plan is based on UniSA's current program structure. UniSA reserves the right to vary the program structure and/or courses. Should this occur, a new Study Plan will be established and the amount of credit granted may vary.

2. Eligibility for credit does not guarantee an applicant a place in a program at UniSA. Applicants must meet UniSA entrance requirements, including English language admission requirements available at <http://www.unisa.edu.au/international/study/default.asp>.

3. The GPA quoted is on a 7.0 scale.

For International Students Only:

4. This Study Plan will enable the student to complete their program within the expected duration of study as specified on their Confirmation of Enrolment (COE).

****Please note that UniSA has 7 study periods each calendar year with Study Periods 1, 2 and 3 being the first half of the year (commonly known as semester 1) and Study Periods 4, 5, 6 and 7 being the second half of the year (commonly known as semester 2). (Study Period 7 courses can be scheduled anytime from November to February of the following year)****

External Students:

[Students studying off-campus. Administrative services for external students are located at Campus Central.](#)

External mode includes online, distance education, industry placement or directed research. Virtual classrooms are deemed to be an external mode of delivery. External model does not normally include a face to face component, however some courses offered in external mode may require a small component of **on-campus activity**.

University Wide Electives

It is strongly recommended that you visit the Study Support webpage to gain valuable information regarding your studies.
