#### **DEFINITIONS:**

| Area + Catalogue Number | A 4-letter area code plus a 4-digit catalogue number make up the course code, eg <b>BIOL 1033</b> . You can search for courses by |
|-------------------------|---|
|                         |   |

using this code.

<u>Class Number</u> Every class at UniSA has a unique number (eg **24813**). You use this number to enrol. Both the **enrolment class** and **related** 

classes have class numbers.

Enrolment Class This can be a **lecture (LEC)**, **tutorial (TUT)**, **workshop (WSH)** or **practical (PRA)**, to name a few examples. It is the first class

you must enter when you are enrolling.

Related Classes
(Non-Enrol Classes)

These are other required components of the course, and are in addition to the **enrolment class**. They can be one of the

following class types - lecture, tutorial, workshop or practical, to name a few. In most cases you will have a choice (eg 1

tutorial to be chosen from 7).

### **NOTES:**

- 1. The table above shows the full list of courses to be taken by a student undertaking a full-time load solely in this year of the program.
- 2. Students enrol in all courses for both study periods (Study Period 2 & 5) at the beginning of the year.

## 3. **Pre-requisites**

All second and third year Psychology courses have pre-requisites. These are the courses that you must have successfully completed in order to enrol in a course.

Refer to each course home page to see the pre-requisite courses that apply.

If you are a full time student and have passed all your first year courses you will have met the pre-requisite for the core second year courses in your program.

If you are a part time student or have failed any courses in first year please check the individual course pre-requisites carefully and if you are unsure you have met the pre-requisites please email Campus Central before enrolling.
