

MSK ASSIGNMENT MARKING SHEET

Student name:

Part 1 – Tasks 2, 3, & 4	40 marks	Score/40
Performance of routine shoulder ultrasound including correct protocol and regions included, images labelled correctly and completed in a timely manner	30	
Image optimisation such as correct transducer selection, and adequate focus, gain, depth, anisotropy	10	
All images de identified (fail if not)	0	
Part 2 – Task 5	20 marks	/20
Explanation of scanning protocol used	10	
Evidence of understanding of sonographic techniques	5	
Can apply knowledge to clinical setting	3	
Demonstrates understanding of sonographic terminology	2	
Part 3 – Task 6	15 marks	/15
Selects appropriate normal image from own scan.	1	
Selects appropriate abnormal image from scholarly ref.	1	
Images labelled correctly	3	
Makes comparison between the two images	3	
Describes ultrasound appearances of two images	5	
Uses appropriate sonographic terminology when describing ultrasound appearances	1	
Organised & referenced	1	
Part 3 – Task 6	15 marks	/15
Describe anatomy of ROI	2	
Includes image/s of anatomy and refers to this	2	
Describes function of ROI	2	
Describes pathology	2	
Physiological processes associated with disease	2	
Aetiology: more common causes of pathology	2	
Epidemiology: stats – gender, age, race more commonly affected by pathology	2	
Organised & referenced	1	
Academic Integrity	5 marks	/5
Organised throughout	1	

MSK ASSIGNMENT MARKING SHEET

Various referenced sourced	1	
Appropriate references used	1	
Literature cited correctly throughout	1	
Constant paraphrasing	1	
Supervisor form included and signed (if not fail)	0	
Assignment Formatting	5 marks	/5
Correct grammar, spelling, terminology	1	
Writing is coherent and flows	1	
Sections used well and flows	1	
Formatting to requirements	1	
Word Count	1	
	TOTAL	/100
	GRADE	

SCORE

Fail 0-49%	Pass 50-64%	Credit 65-74%	Distinction 75-84%	High Distinction 85-100%
