Hi Arisa,

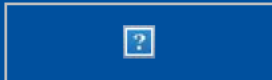

Thank you for sending through all of the documentation.

MEDI11004 is a course which we have previously considered as part of the CQU general ultrasound program. As it sits there, we only approve credit for RADY 5024 when this course is done in combination with another, ultrasound-specific, subject from their program.

I have re-visited this with the course coordinator for RADY 5024, and we still agree that the CQU course does not meet all of the learning objectives for RADY 5024. As such, I am not able to approve credit for this student.

Kind regards,
Brooke

Hi Brooke,

This student has gotten back to us with their course details. Let me know if you need anything for your assessment.

Thank you!

Kind regards
