

Student's Name: \_\_\_\_\_

Placement Location: \_\_\_\_\_

**The Graduate Qualities Assessed by this Clinical Report**

- 1 Your body of knowledge will be expanded in the paediatric clinical environment.
- 3 In the clinical environment you will continually develop problem solving skills to deal with a variety of situations that arise.
- 4 You will be able to further develop effective team working skills within the clinical environment.
- 5 You will be acting in an ethical and socially responsible manner whilst on clinical placement and in your dealings with the patients and the public.
- 6 You will demonstrate effective communication all with members of the professional healthcare team, patients and the public. You will be able to translate written instruction to clinical situations.
- 7 You will demonstrate an awareness of cultural diversities encountered within the clinical setting.

**Clinical Report Instructions**

At the conclusion of the paediatric placement your Clinical Supervisor will be responsible for completing this Clinical Report as a performance indicator for the student. It is expected that this Clinical Report will be discussed with the student, highlighting areas for improvement. This report does not contribute to your overall grade, however you must be marked as satisfactory for all sections to conclude your placement. If further discussion is required please contact the course coordinator prior to the conclusion of placement.

To complete the Clinical Report, the Clinical Supervisor should:

1. Circle 'Satisfactory' or 'Unsatisfactory' for the sections of 'Safe Practice and Duty of Care' and 'Professional and Ethical Conduct', making comments if required.
2. Include your name, signature and date along with any additional comments in the section provided.
3. Discuss the contents of this report with the student highlighting strengths and areas for improvement.

**'Safe Practice and Duty of Care' and 'Professional and Ethical Conduct'**

'Safe Practice and Duty of Care' and 'Professional and Ethical Conduct' are essential components of clinical practice. Please circle either 'Satisfactory' or 'Unsatisfactory' for these elements. A 'Satisfactory' grade in both components of 'Safe Practice and Duty of Care' and 'Professional and Ethical Conduct' is essential to pass this clinical placement.

**'Safe Practice and Duty of Care'**

The student has demonstrated 'Safe Practice and Duty of Care' in the clinical setting (including appropriate personal and patient safety, safe application of equipment, safe application of manual handling and effective infection control practices).

**Please circle**

<b>Satisfactory / Unsatisfactory</b>
